When it comes right down to it...the session is all about your child(ren). Letting the session unfold in the most natural way possible, and capturing real life at its best is the goal. Little smirks, blank stares, belly laughs, unique characteristic...that's what it's all about, what you want to remember about your child. FDG brings to each session our own non-traditional, unique style, as well as an easy going personality that relates to all children. We also do infant photography with individual portraits of your baby as well as photos of the proud parents interacting with their new child.

FDG works on-location, in the comfort of your home, or a location of your choice. FDG can suggest several locations to best fit your session. Sessions can last anywhere from 2 to 3 hours. Ed or Sandy will take the time to interact with your child, play with them, and bring them to their comfort level....so no session is rushed.

WHAT TO WEAR

Feel free to be yourself and express yourself! There are no 'proper' rules here! With that said, logo overload and heavy/busy patterns on clothing are discouraged. FDG style is very laid back and relaxed, FDG would be more than happy to help you pick out your child's clothing options for your session...it won't be a first!
